BRW1000

Detecto's "Roll-A-Weigh" BRW1000

The surprisingly lightweight design and built-in handles and wheels make Detecto's BRW1000 "Roll-A-Weigh" Scale capable of being moved wherever you need it for bariatric weighing. Whether's it's multiple weighing locations at a single facility or a stationary location, the "Roll-A-Weigh" gives you portability, ease of use and accuracy.

Designed for bariatric weighing "on-the-move", this portable scale features a 758C digital weight indicator that can be mounted on the scale, or remotely on a wall, or desk for convenient viewing. Heavy-duty construction, large rubber deck safety plate platform with integral ramp, and the 1,000 lb capacity makes this the perfect scale for weighing patients in manual or power wheelchairs, dialysis patients, or walk-ons.
