Commitment Beyond Measurement®

540-10 Healthweigh **chair** scale

THE RICE LAKE DIGITAL CHAIR scale is designed for the mobile-challenged who have a difficult time standing on a conventional scale.

The premium chair scale seat is upholstered and cushioned-comfort for fragile bones. The standard chair scale is equipped with a plastic seat, and both models are designed with quick cleaning surfaces. Swing-up arms and optional fold-up footrest enable easy access and exit. Movement compensation technology eliminates involuntary movement during the weighing process.

The streamlined tubular frame design and two heavy-duty wheels promote quiet portability and easy maneuverability. With integrated indicator, the premium digital chair scale is a quality weighing solution.

Capacity	600 lb (270 kg)
Graduations	0.2 lb (0.1 kg)

Arm handles flip-up for easy access and exit.
