

Platform Bench Scales

**An Excellent General All-Purpose Beam Style
Bench Scale For Smaller Budgets!**

Detecto's ideal scale for the smaller commercial and industrial users who demand top performance for their dollar. Perfect for inventory purposes, weighing bulk commodities, or shipping and receiving departments. It weighs every 1/4 lb accurately up to a full 350 lb without any loose weights.

Designed to take an incredible amount of tough use, loads up to 350 lb every day, dozens of times a day, and remains accurate. Performance is the proof of the sturdy, durable construction that Detecto puts into every scale they make. The oven-baked finish is smooth yet mar-resistant, even after years of rugged use. The die-cast beams are easy-to-read from both front and back, and even easier to use. A scale's accuracy is only as good as its construction. . . that is why Detecto continues to be a leader in the scale industry. . . and your best choice when it comes to a scale.

Detecto Platform Bench Scales Are Built Rugged To Give Accurate Weights. . . Again and Again!

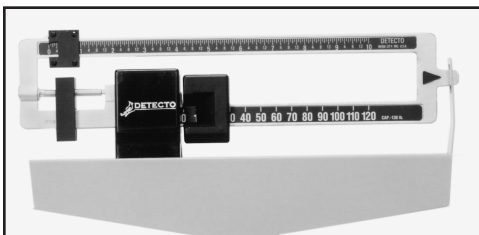

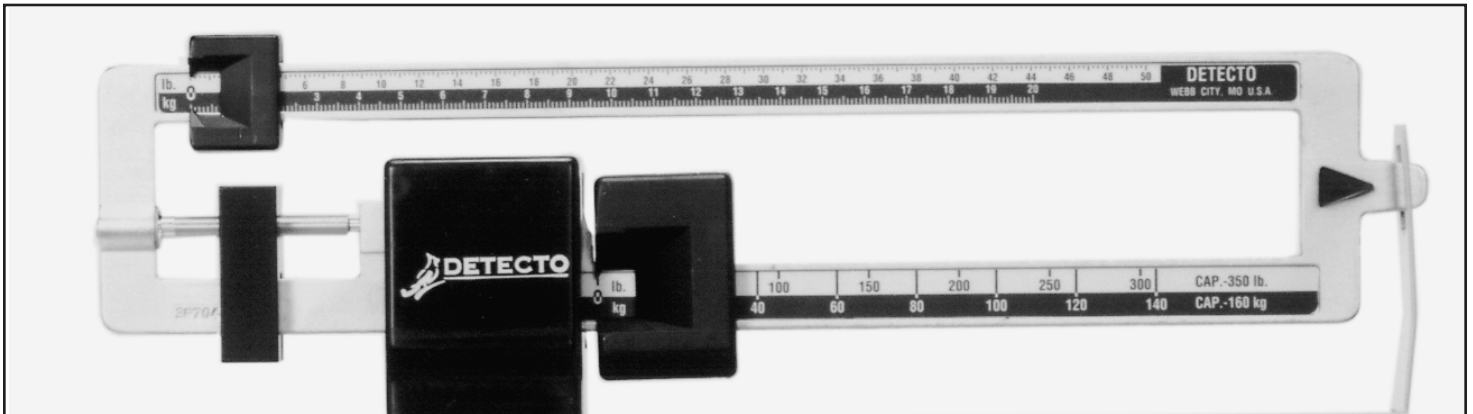

Detecto's time-honored reputation for rigid construction and precision engineering assure you of an unbeatably rugged product that guarantees accuracy and durability. Detecto scales maintain pinpoint accuracy with a fabricated lever system. All functional parts are completely covered and protected. Construction is sturdy and durable. No shifting or dropping of levers. Oven-baked finish is smooth and will remain mar-resistant even after years of rugged use.

The die-cast beam, with black on aluminum, is easily read from either side, making weighing simple and fast. Pounds/kilo model shows pounds and kilos on both front and back of scale. Kilos and libras models are available at a slight additional cost.

Detecto is proof positive that you can buy the best without paying the most.
