# RS-130

## Accurate, Affordable, and Portable...

The RS-130 retail scale is the ultimate choice for simple price-computing applications delivering unmatched convenience and accuracy. Providing one-button operation, the RS-130 displays weight in either pounds, kilograms or ounces.

For added convenience, the RS-130 can save eight direct price lookups and 89 indirect price lookups. Cash back is calculated quickly for applications where a cash register is not present. The large stainless steel platter provides ample room for product and a standard in-use cover assures years of trouble free operation, even in wet environments.

The RS-130 is NTEP-certified and operates on either rechargeable battery (included) or 115 VAC. A low battery annunciator signals the operator when it's time to recharge.

Overall the RS-130 offers the most accurate, affordable and portable solution to your simplest price computing needs.

### Standard Features

- Rechargeable battery or 115 VAC operation
- Toggle between lb/kg/oz\*
- Eight PLU keys for direct price lookups
- Cash back calculation
- Large stainless steel platter
- Easy-to-read customer display
- In-use cover
- 89 PLUs for indirect price lookups
